

**Case study 3**

**Discussing about obesity: Changing a negative communicative strategy into a positive one**

**Description of the practical activity:**

Watch the videoclip entitled “What not to do” at: <https://www.youtube.com/watch?v=-xb3xCqf798&t=58s> It presents a negative approach of a patient with obesity. Identify at least 3 elements that are incorrect and change them into a positive/desired approach:

Negative element	Desirable approach

In Pairs Roleplay the Doctor-Patient consultation ( Positive approach )
